

**STEVE
COSGROVE**

BASEBALL SCHOOLS

As a direct succession to the BOYS OF BASEBALL - NATIONAL TRAVEL TEAM, founded in 1995, I am continuing to offer the same well-recognized top quality baseball instruction for players (ages 5-12), coaches clinics, teams and communities. 2008 is the 50th year... literally... that I have been personally involved in the teaching of the fundamentals of baseball. As long as The Good Lord allows, that will not change. Today, more than ever, kids (and their parents/families) need to learn the fundamental skills of the game of baseball...it is not about "stuff" (bats, gloves, cleats, mesh hats, cage jackets, bat bags, etc.), gadgets, gimmicks, academies, this team or that team. **IT IS ENTIRELY ABOUT LEARNING HOW TO REFINE AND EXECUTE THE FUNDAMENTAL SKILLS OF THE GAME.**

Anyone wanting to learn those skills that will help him/her reach for and achieve their baseball dreams can do so...respectfully, we know how to do that. Instruction will focus on: fielding (IF and OF), throwing, hitting, bunting, pitching, catching, out-of-the box, home-to-first, rounding first, and position play...all reinforced with fun drills and games. Feel free to e-mail me to arrange these quality baseball learning experiences for your vicinity...we absolutely guarantee that all in attendance will have a great time, and learn things that will help them succeed on the ball fields, in the classroom, and in life.

STAY BALANCED in all things!
